

CHANGE NOTIFICATION – EFFECTIVE JULY 1, 2022

Enhancement to Extended Health Option E39

Currently, coverage for each of the following paramedical services carries a \$25 per visit maximum, for up to 10 visits per calendar year:

- Chiropractic
- Massage Therapy
- Physiotherapy

Effective July 1, 2022, the \$25 per visit maximums will be removed and members will simply be able to claim up to \$250 per calendar year for each of the above practitioners. All other terms of your Extended Health coverage will remain the same, including applicable combined or overall maximums.

Effective July 1, 2022, Chambers Plan Master Contracts, as well as booklets, will be updated to reflect these changes.
