

Business Assistance Service is Getting Stronger!

As a business owner, you wear many hats. Whether it's a legal dilemma, a human resource question, or maybe the numbers just don't add up, sometimes you need a little help. That's why Chambers Plan provides business owners *Business Assistance Services* (BAS) at no additional cost, offering:

- up to nine hours with a legal, accounting, or human resource expert;
- confidential telephone coaching; and
- employee counselling.

Sometimes you need a quick answer or reference. Chambers Plan can help there too. **We are introducing the *Healthy Business Bookmark (HBB)***, an online library

of resources dedicated to helping the business owner increase their knowledge and find answers to common human resource dilemmas that can impact the health of their enterprise.

Included are sections on **self-development, people management, and business essentials**. You'll find **articles, infographics, podcasts, links to relevant legislation, check-lists, sample documents, and guides**. It's your first stop when faced with a human resource challenge.

The *Healthy Business Bookmark* will be added to your BAS program at **no additional cost** later this year.
